Secretary of Agriculture

Tom Vilsack New Secretary of Agriculture

Tom Vilsack was sworn in as the 30th Secretary of the U.S. Department of Agriculture (USDA) on January 21, 2009.

Secretary Vilsack has served in the public sector at nearly every level of government, beginning as mayor of Mt. Pleasant, Iowa in 1987, and then as state senator in 1992. In 1998, he was the first Democrat elected Governor of Iowa in more than 30 years, an office he held for two terms.

As Governor, Vilsack created the Iowa Food Policy Council to advance local food systems, enhance family farm profitability, and combat hunger and malnutrition. He led trade missions to foreign countries to market agricultural products and attended the Seattle meeting of the World Trade Organization to push for expanded agricultural trade negotiations. In addition, he worked to support independent farmers and ranchers by enacting livestock market reform and mandatory price reporting legislation in 1999.

Vilsack was a leader among his colleagues. In addition to serving on the National Governors Association Executive Committee, he also served as chair of the Governors Ethanol Coalition, chair of the Democratic

Governors Association, and founding member and chair of the Governors Biotechnology Partnership. As chair of the National Governors Association Committee on Natural Resources, Vilsack promoted private lands conservation and advanced the concept of tying farm payments to conservation commodities.

During his tenure as Governor, Vilsack initiated a comprehensive effort to increase economic opportunity and create good-paying jobs. He started Vision Iowa, a program to invest in cultural and recreational infrastructure throughout the state. Vilsack's leadership and vision were instrumental in transforming Iowa to an energy state. His policies led to the construction of Iowa's first power facility in two decades and made Iowa a leader in alternative energy and renewable fuels. He also created a comprehensive conservation program in Iowa to encourage and assist landowners in installing buffer strips, restoring wetlands, and rewarding good conservation practices.

A native of Pittsburgh, Pennsylvania, Vilsack received a bachelor's degree from Hamilton College in Clinton, New York, in 1972 and earned his law degree from Albany Law School in 1975.

Recap of Federal Order Data for 2008

The table to the right and the map below summarize data for all Federal milk orders for 2008. Some comparisons are also made to data for 2007.

Producer milk in 2008 for all Federal orders combined totaled 115.9 billion pounds, up from 114.4 billion in 2007. Class I producer milk for all Federal orders totaled 45.0 billion pounds, or 38.8% of producer milk. Total Class I pounds for all Federal orders in 2008 decreased by about 0.5% from the previous year. Class I use in 2008 ranged from 15.9% in the Upper Midwest Order to 83.2% in the Florida Order.

The weighted average uniform price for all Federal orders combined for 2008 was \$18.24 per cwt., down from \$19.19 in 2007. The average uniform price in 2008 ranged from \$16.99 in the Pacific Northwest Order to \$21.84 in the Florida Order.

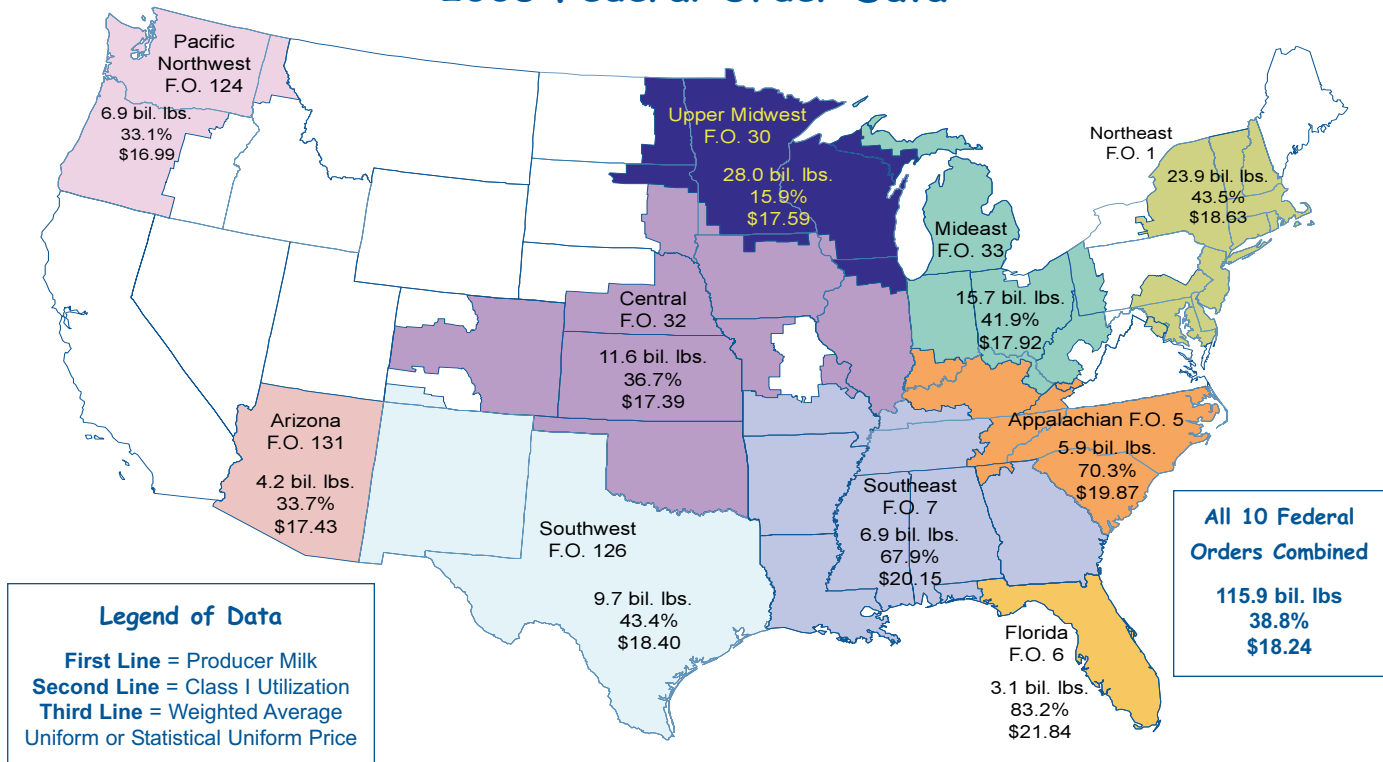

It should be noted that Federal order prices are *minimums* and do not necessarily represent what producers are actually paid. Upper Midwest producers, for example, sometimes receive premiums considerably above the Federal order minimums.
