Provision and would amend the
dairy farmer for other
Marketing Agreement and Order
AGENCY: Agricultural Marketing Service, USDA.
ACTION: Proposed rule; Notice of public hearing on proposed rulemaking.
SUMMARY: A public hearing is being held to consider proposals to amend the Upper Midwest Federal milk marketing order (Order 30). A proposal to limit the volume of distant milk pooled on Order 30 by changing the requirements for producer milk originating outside of the Upper Midwest will be heard. Another proposal would limit the pooling of producer milk normally associated with the market that was not pooled in a prior month(s) while also changing the diversion requirements for producer milk originating outside of the Upper Midwest. Other proposals would establish a dairy farmer for other markets provision and would amend the touch base requirements and the diversion limits for Order 30. Also, another proposal would change the maximum rate the market administrator may charge for the expense of administration of the order from 5 cents per hundredweight up to 8 cents.
DATES: The hearing will convene at 1 p.m. on Monday, July 19, 2004.
ADDRESSES: The hearing will be held at the Sofitel Minneapolis Hotel (I–494 and Highway 100), 5601 West 78th Street, Bloomington, Minnesota 55439; (952) 835–1900, beginning at 1 p.m., on Monday, July 19, 2004, with respect to proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Upper Midwest milk marketing areas.
The hearing is called pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR part 900).
The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions that relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.
Evidence also will be taken to determine whether emergency marketing conditions exist that would warrant omission of a recommended decision under the rules of practice and procedure (7 CFR 900.12(d)) with respect to any proposed amendments.
Actions under the Federal milk order program are subject to the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). This Act seeks to ensure that, within the statutory authority of a program, the regulatory and informational requirements are tailored to the size and nature of small businesses. For the purpose of the Act, a dairy farm is a “small business” if it has an annual gross revenue of less than $750,000, and a dairy products manufacturer is a “small business” if it has fewer than 500 employees. Most parties subject to a milk order are considered as a small business. Accordingly, interested parties are invited to present evidence on the probable regulatory and informational impact of the hearing proposals on small businesses. Also, parties may suggest modifications of these proposals for the purpose of tailoring their applicability to small businesses.
The amendments to the rules proposed herein have been reviewed under Executive Order 12998, Civil Justice Reform. They are not intended to have a retroactive effect. If adopted, the proposed amendments would not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.
The Agricultural Marketing Agreement Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 8c(15)(A) of the Act, any handler subject to an order may request modification or exemption from such order by filing with the Department of Agriculture (Department) a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with the law. A handler is afforded the opportunity for a hearing on the petition. After a hearing, the Department would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has its principal place of business, has jurisdiction in equity to review the Department’s ruling on the petition. provided a bill in equity is filed not later than 20 days after the date of the entry of the ruling.
This public hearing is being conducted to collect evidence for the record concerning the effect on the orderly marketing of fluid milk due to pooling of milk from producers so distant from the market that they cannot be considered viable suppliers and to consider inequities among producers caused by provisions that allow reserve milk, which is used in cheese or butter and nonfat dry milk production, to share in the benefits of pooling, but do not require such milk to pool when there is a cost (when the Class III price or Class IV price is above the blend price). At the hearing, evidence will also be collected to consider giving the
market administrator the discretion to increase the Administrative Assessment to a maximum of 8 cents per hundredweight.

Interested parties who wish to introduce exhibits should provide the Presiding Officer at the hearing with (4) copies of such exhibits for the Official Record. Also, it would be helpful if additional copies are available for the use of other participants at the hearing.
