As long as the Interim Final Rule is not enjoined as a result of the litigation, Federal order minimum prices for Class III and Class IV milk for February 2007, as well as the Federal order minimum advance Class I and Class II prices and pricing factors for March 2007 and thereafter, will be computed using the revised manufacturing allowances contained in the Final Rule.**

The Order requires that all persons who process and market commercially more than 3,000,000 pounds of fluid milk products in consumer-type packages in the 48 contiguous States and the District of Columbia on a monthly basis, excluding those fluid milk products delivered to the residence of a consumer, be assessed 20 cents per hundredweight on all marketings of such packaged fluid milk products during the month.
